

GULNIHAL CENGIZ

Visual Designer
Front-End Web Developer

About Me

My name is Gulnihal Cengiz. I'm a Front End Developer and Visual Designer based in Turkey. I describe myself as a passionate developer who loves coding, open source and the web platform. Aside from my job, I like to create and contribute to open source projects. That helps me to learn a ton of new stuff, grow as a developer and support other open source projects. Also I do logo and character design in Adobe Illustrator.
